

Hi, my name is Kira

Here are the 3rd set of Orion Star Grids (in triangles, representing the pyramid). They are **Amplification Grids**, from the “Lords of Light” the **Elohim**, to aid our transmutations and to expedite both **personal and planetary transformation**. Use as guided but also place them on the ‘ Hara ‘ (your Power Centre, below the navel and slightly to your right to enable the downloading of specific encodings for your Highest Good). They will be especially attuned to your personal vibration. Go to <https://frequencyandlighthealing.com>

I. METAMORPHOSIS GRID

This grid raises the vibration of the Heart Centre, connecting us with our Divine Heart energy, through which we are able to live and create at a Multi-dimensional level. It propels us forwards, expediting our evolution. Taking us to the **Sacred Inner Temple of Isis**, it initiates us with Love and Wisdom, releasing our Divine gifts for use in the service of Humanity.

II. DIVINE MOTHER GRID

This is a grid of nurturing, giving us a feeling of safety and warmth. It cocoons us in the **Divine Mother’s love**, generating a sense of self-acceptance and self-love, promoting deep lasting feelings of inner security.

III. FILE GRID

This particular grid acts as a **record keeper**, giving us access to Universal records and files. These are mainly Star System records, but it can also be used to access the Akashic Records.

IV. STARBURST GRID

The Starburst Grid is a multi-purpose grid which opens and amplifies our Star Chakras. It connects us with more evolved star systems, such as the **Pleiades** and **Sirius**, and the **Ashtar Command Centre**.

V. RING GRID

The Ring Grid surrounds our Auric Field with bands of high frequency energy that charge up and accelerate our electron particles. It can ultimately make us invisible to the 3rd dimensional reality, and to time travel at will.

VI. TRUE LOVE GRID

Bringing Brotherhood/ Sisterhood energy to Humanity, it creates and expands **Universal Love**, Tolerance and acceptance. This grid also helps us to open up to and perceive **Angelic Beings**

VII. SIGNPOST GRID

This grid points the way for our evolutionary path back to the Stars. It highlights things/ events in our lives that are acting as synchronistic messages to us from the Universe. Using this grid will also tend to open us to even more synchronistic messages that are guiding us to our Highest Good.

VIII. REMEMBRANCE GRID

The main purpose of this grid is to help us to remember exactly **who and what we truly are**, and to recall our state of Being before we embarked upon this game of Duality. It helps us to remember that we are fully empowered co-creators with God.

IX. CELESTIAL GRID

This grid harmonizes all our bodies with our **Celestial Body** (Higher Self). When our bodies are aligned with our Celestial Body, great quantum changes are not only possible, but inevitable, and this grid provides that alignment.

X. STAR CHORD GRID

This grid helps us to achieve a Star Frequency that enables us to resonate with the beautiful **Universal Song of Life**. It fine tunes our personal frequency to it’s Divine Harmonic.

XI. AWARENESS GRID

The Awareness grid amplifies our conscious awareness of **Divine Beings of Light and the Heavenly Host**. It enables us to discern the difference between the heavier astral vibrations (entities), and those of a lighter nature, making it much easier for us to differentiate between Light and dark.

XII. CELERON GRID

The Celeron Grid reorganizes our cellular structures, changing the growth patterns of our cells to align with a **new improved blueprint**, for our Highest Good. It creates and installs advanced bio-chemical settings in order to optimize cellular functioning.

XIII. MODIFICATION GRID

The primary function of the Modification Grid is to help us to make the necessary changes that will enable us to become '**Divine Humans**.' In order to bring about this change, it works to create a new hologram of Being.

XIV. SYSTEMS GRID

Rebuilding, renewing, re-wiring, regenerating, establishing new neuro-electrons, this grid helps to establish all higher dimensional circulatory systems (5th and beyond). It provides endless possibilities and variables for change by accessing the huge **Star Database**.

XV. UPSCALING GRID

This grid prepares and enables us to receive higher frequency signals, so that we become better channels and more improved expressions of the ' Divine.'

XVI. TIMESPAN GRID

Building a bridge between worlds and dimensions, this grid gives us easier access to other dimensional realities.

XVII. REGENERATION GRID

The function of this grid is to continually regenerate and upgrade our Being. It provides for quantum leaps in our Evolution, and is a **Master Healer**.

XVIII. ACCELERATION GRID

The Acceleration Grid propels us forwards along different time lines, helping us to create a positive individual and collective reality. It can be used with other grids in this set, and in the 4th series as an extra boost.

XIX. WISH GRID

Helping to make manifest our dreams and wishes in accordance with the '**Divine Laws of Harmony**', this grid enables us to fulfill our desire for the Good.

XX. ENDURANCE GRID

This gives us the stability and endurance necessary to stay the ' Path of Enlightenment.' It taps into the **Divine Centre** within, in order to release the necessary ' courage ' that will give us increased staying power during difficult and stressful times.

XXI. CAPSULE GRID

The function of this grid is to prepare us for **Metamorphosis**. It is like the cocoon that the butterfly emerges from, facilitating deep inner change.
